When the accompanied by mucous patches in

tions on the skin, sore throat, copper colored splotches,

swollen glands, aching muscles rapid headway, and far worse symptoms will follow unless the blood is promptly and effectually cleansed of this violent destructive poison.

S. S. S. is the only safe and infallible cure for this disease, the only antidote for this specific poison. It cures the worst cases thoroughly and permanently.

My Condition Could In the fall of 1897 I contracted Blood Poison. I tried three doctors, but their treatment did me no good; I was getting worse all the time; my hair came out, nleers appeared in my throat and mouth, my body was almost covered with copper colored spistches and offensive sores. I suffered severely from rheumatic pains in my shoulders and arms. My condition could have been no worse; only those afflicted as I was can understand my sufferings. I had about lost all hope of ever being well egain when I decided to try S. S. S. but must confess I had

little faith left in any medicine. After taking the third bettle I noticed a change in my condi-tion. This was truly encouraging, and I deter-mined to give S. S. S. a thorough trial. From that time on the improvement was rapid; S. S. S. seemed to have the disease completely under control; the sores and ulcers healed and I was I soon free from all signs of the disorder; I have "21" been strong and healthy ever since

L. W. SMITH, Lock Box 511, Noblesville, Ind. is the only purely vege-table blood purifier known. \$1,000 is offered for proof that it contains a particle of mercury, potash or other mineral poise

Send for our free book on Blood Poison it contains valuable information about this disease, with full directions for self treatment. We charge nothing for medical advice; care yourself at home. THE SWIFT SPECIFIC CO., ATLANTA, GA.

Florida as a Stock Farm.

Fothe Editor of the Banner:

Blessed by Providence with a cliequal to that of any spot in the world, the country from Rochelle and be converted into pasturage for horses, niules, cattle, sheep and hogs.

and turly Mesquite grasses, and be stored within twelve hours. stocked with animals, (sufficient land) being left open for the cultivation of chime bone, as this ruins the ham, larger returns than orange groves or track farms could ever have done.

With good stock farms, the owner will be absolutely independent of ordipart vicissitudes. The thermome-sufficient. When taken from storage ber may fall to zero and he will still felse are in his income. Blight and fiosis will hot affer his hopes and and hang ap and smoke every third liver kidneys, stomach and bowels.

The demand for peck, muton and bot, all of which now tring remunemative prices, will not be materially decreased during the next (wenty-

Our export demand for these prodoes during the past five years has steadily increased, and there is no great probability that this demand will be shut off. Our own population is in reasing at the rate of one and one gauter million per annum and must be supplied with meats, as we have no popular substitute.

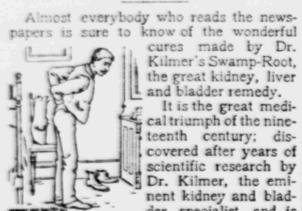

The capacity of the great Western i pa-tur-ge is dimmishing year by year and everything is favorable to the stock business in Florida, but we want better speak and better pasturage. Our pigs, fam's and raives should be kept in prime condition from the moment of birth to the day they are placed upon the market, and with the intelligent use of the articles above enumerated this can be done at less cost than can be done in may other section of the United

States. Let the farmers of the country come tegether and discuss this question and devise ways and means for a beginning.

This state is now attracting sto k

The Mother's Friend.

Chamberlain's cough Remedy is the mother's favorite. I is pleasant and safe for children to take and always cures. It is intended especially for coughs, colds, croup and whooping cough, and is the best medicine made for these diseases. There is not the least danger in giving it to children, for it contains no opium or other injurious drug and may be given as confidently to a tabe as to an adult. For sale by the Anti-Monopoly Drug

Regarding Cold Storage.

Following we publish a letter from Mr. S. R. Pyles, of Ocala, to Mr. O. A. Mann, of this city, relative to the best method of curing bams by the cold storage process. His suggestions will doubtless be of great value to such of our citizens as wish to avail themsel es of the facilities for cold storage off r d by Mr. Mann in this

Ocala, Fla., Jan. 12, 1901 Mr. A. O. Manu, Lake City.

DEAR FIR-Yours of the 8th to hand. In reply will say:

I have found it best to first salt hams with plain salt by rubbing on and spreading out, say for twelve hours; then use as follows: Salt, 10 pounds; brown sugar, 2 pounds; salt petre, 2 ounces; red pepper, 1 ounce, mate me well-d and soil conditions to 100 pounds of pork. Rub and apply freely. Pack in box and store with temperature 50 to 55 degrees Gainesville, south to Leesburg, should above zero. Boling Thomas.

Rendrick cell-traced a remember mar tag- last Sunday, the contracting arts steing Mr. A. W. Boling, the Plant System agent at that place, and Miss Ina Thomas, of Marietta, ten. It was a case of love laughing at tooksmillis, the bride leaving her home to meet her lover. Mr. J. B. Roberts, of displays in the picture papers. Marietta, a friend of both parties, acor panied her from Muletta to Kendrick and acted as last man.

Orange Springs Normal.

The Normal and Commercial Instiute at this place will open its second session on Mon lay, March 4, to continue twelve weeks, closing May 24. In addition to the regular normal work leading to all grades of county teachers' certificates, students will have best services in the commercial branches. Board at lowest rates with nice families. Come and recreate at the famous spring while taking advantage of the normal. For full particulars address J. H. Brinson, 1-25-lm. Principal.

Salt and Typhoid Fever.

A late issue of the New York Tribune says that salt has been such ssfully used by a physician of Norwalk, O., in the treatment of a case of typhoid fever. According to the Tribune, the patient was thought to be dying from typhoid fever, when her Almost everybody who reads the news- physician injected into her cellular tissues a solution of common salt. The proportions were a teaspoonful of salt to one pint of water. It immediately quickened the action of the pulse. The woman is now able to attend to her work.

Kumquats.

The local department of this newspaper is indebted to Mr. Schneider, who has charge of the "Golden Acre Grove," located near this city, for a The kumquat is a Japanese variety of the orange. The fruit is very small ney, liver or bladder trouble it will be found and is eaten peel and all. It is very just the remedy you need. It has been tested delicious. It bears quickly, stands a considerable degree of cold, and is useful as well as ornamental. The plant should adorn the grounds of every home in our sunny state.

Tried Five Doctors.

Mrs. Frances L. Sales, of Missouri Valley, Ia., writes: "I had severe kidney trouble for years, had tried five doctors without benefit, but three bottles of Foley's Kidney Cure cured me." Anti-Monopoly Drug
